

## **S. Chithambaram Philomin, M.D., M.S.**

Dr. Philomin's formal education spanned zoology, human anatomy, medicine, and surgery. She holds a M.B.B.S. in medicine and surgery from Madras University, and did her residency in obstetrics and gynecology at Stanley Medical Hospital in India. She received her M.S. in anatomy from Madras University and a B.S. from Queen Mary's College in India. With nearly three decades of experience as a faculty member in various medical schools teaching diverse health professional (medical, dental, physiotherapist, nursing) students, Dr. Philomin joined NYCC in 1995 and has taught pathology, obstetrics/gynecology, neuroscience, histology, and clinical anatomy in the chiropractic program. She has received regional acknowledgments and awards for her efforts in the teaching profession during her career. She maintained a private practice in her hometown, primarily in obstetrics, gynecology, and family medicine. Her research interests are in the areas of visceral anatomy and immunohistochemistry. Dr. Philomin teaches pathophysiology and Western clinical medicine courses for the acupuncture and Oriental medicine program.
